## Will you say "YES!?"

*The itinerary for the **Genoa Cellars Retreat to Tuscany** event is like a dream! We have always wanted to travel to Tuscany and learn more about Sangiovese wines and see that part of Italy. The fact that we get to travel there and experience this with two of our winemakers is icing on the cake!" – Retreat participant, May, 2022*

*"Living in Montisi was life changing. It made me think about the pace of my own life, and maybe I should do something about it...I saw a lifestyle that was so different than mine – something I would never have caught being on a tourist type of vacation."*

- Retreat participant, October, 2019

*"The daily excursions and experiences were all planned down to the detail. It was magnificent."*
